

Mist Tutorial

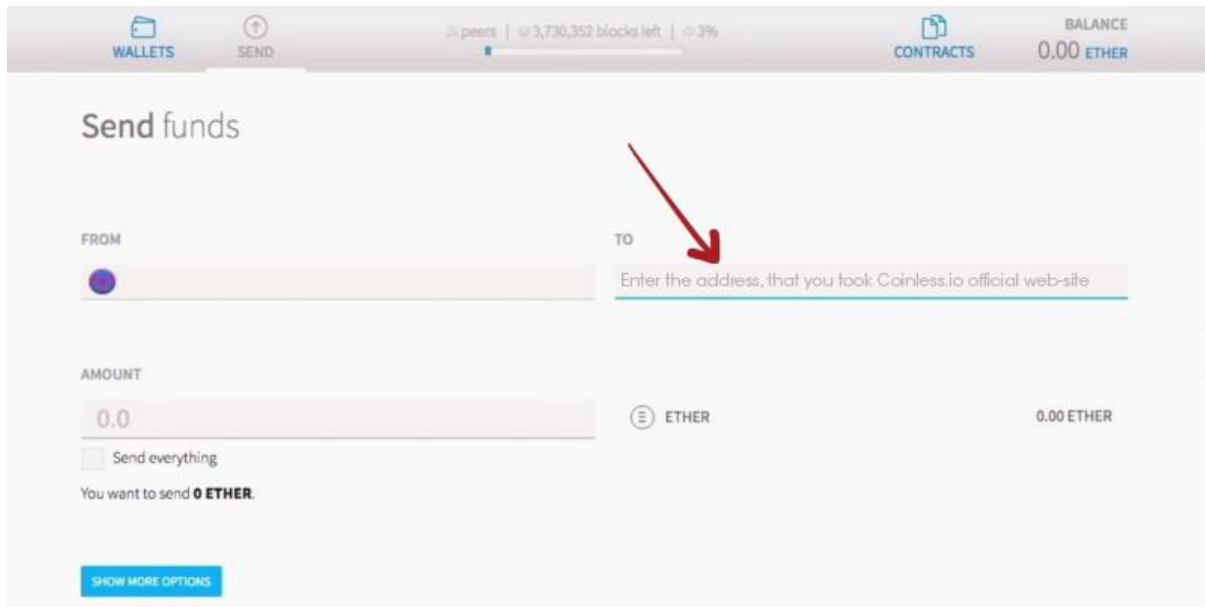

In order to help you with contribution via Mist Wallet, we posted this tutorial. If you don't have Mist, but you would like to use it, follow this [steps to](#) install Mist.

- + *Solid and trustworthy wallet*
- *Not easy to install*

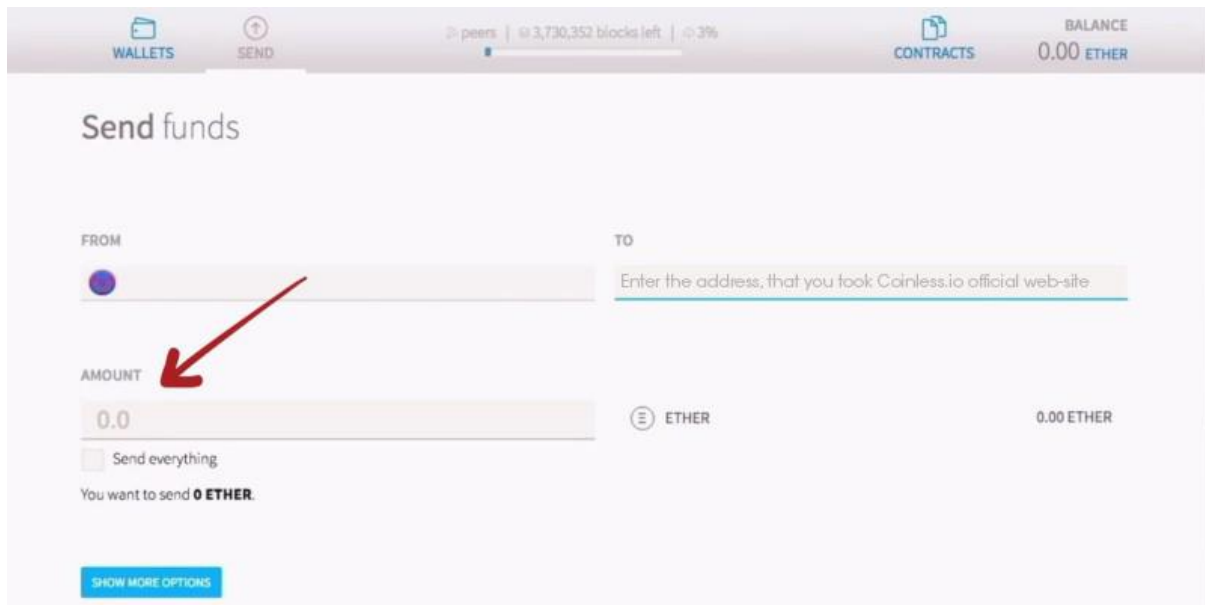

Step 1. Open your Mist application. Click the “Send” tab on top panel

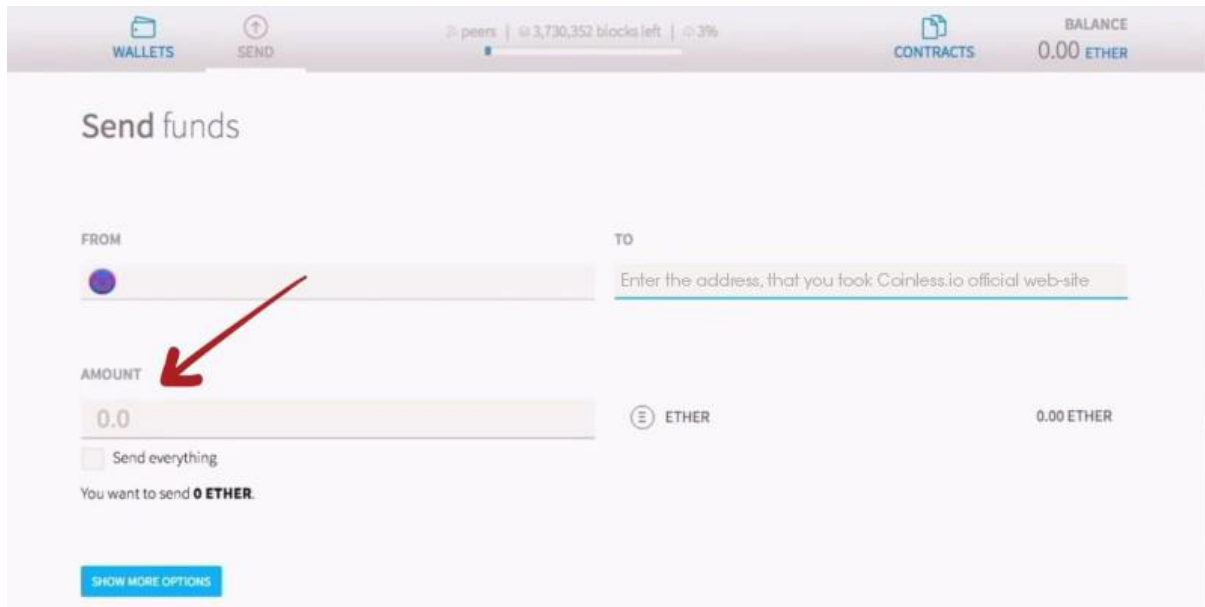

Step 2. Enter the address, that you took from Coinless.io official website in field “TO”

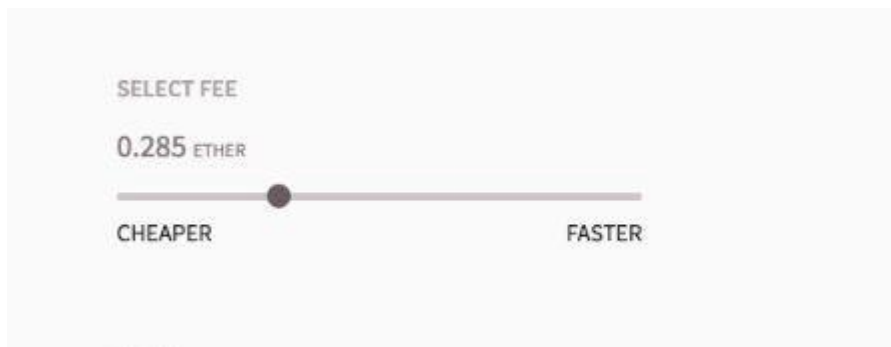

Step 3. Choose the wallet, from which you would like to send funds

Step 4. Choose the amount of Ether you want to send

Step 5. Set up the Fee on the Fee bar. Try to avoid the “cheaper” end of the bar, because it might slow down the transaction

Step 6. Click “Send”. After that you will see the details of your transaction. Make sure everything is OK, enter transaction and click “Send” once again.
